## Spring Events and More

### A Message from the President

Well, it is time we start getting into the Swing for Spring! It's going to be in the 50's this week and I am ready! I know, it really hasn't been a bad winter but I am just ready for WARM! Please look at our upcoming programs for 2020. This March meeting we have Mark Leach speaking on Cahokia in Chesterfield-an archeology program for all ages. So bring everyone that you know. Let's have a great turnout for our programs this year! See you there!

Sincerely,  
Sandra K. Becker-Gurnow  
President

### Cahokia in Chesterfield

The Sun, Moon & Milky Way

Mark W. Leach

**When:** Tuesday, March 17,  
7PM

**Where:** 18750 HWY 100 (just west of Stovall's)

Join us to hear Mark Leach speak about The Cahokia in Chesterfield. Nearly 1,000 year ago, a vibrant Native American community filled the entire Chesterfield Valley. Though only a small portion of the community has been professionally studied, over 100,000 artifacts have been discovered including exotic

materials from the Great Lakes and the Gulf of Mexico.

Mark Leach author of Cahokia in Chesterfield

Cahokia in Chesterfield has been the focus of professional archaeological research for over 70 years. Research is ongoing, and most excitingly, the very heart of this ancient city lies well preserved under six feet of flood deposited soil. You will never see your local area in quite the same way again!

## Archivist Corner

Do you know what this item is? The answer is toward the end of this Newsletter.

### Archivist Corner continued...

Do you ever wonder what happens to artifacts that are donated to our museum when they either have no provenance accompanying them or do not fit within preservation and education of the Meramec Township area?

Many years ago, two sets of photos were donated to our Museum. They were reprints from originals from 1872 and 1911. Only detail was that they were marked as Newton, Kansas.

Your archivist tried to contact their local historical society without any success.

Eventually, contact was made with the City of Newton. It turns out their city is just beginning planning for its sesquicentennial in 2020 and the photos will be a great addition to their displays.

The lesson displayed, is whether for a museum or cleaning out a family's photos: if the photos (or item) doesn't have meaning or use, another institution may. So always check with your local historical society!

Be on the lookout for upcoming info on some spring cleaning days. Inside, Outside -- there will be lots of tasks to choose from.

We have to get ready for some great events coming:

**Smithsonian Magazine Museum Day** on April 4th, Car Show on July 12th and more fun to follow.

So come on and join us for a few hours.

Further information will be available via an email and on our Facebook Page.

It is with great sadness that we share the news that one of our original, and most stalwart members, Rusty Pendleton, died on February 20, 2020. He was 95-1/2 years old. Funeral Service plans are pending.

## Answer to Archivist Corner Question

It is the Schoolhouse Clock from Wildhorse School, pre-Civil War.

Only the foundation from this historic one-room schoolhouse remains, but the clock survived. The Hardt family acquired it when the one-room schoolhouse was closed in the 1950s. The clock was donated

to the Wildwood Historical Society by Rich Hardt in 2017.

We invite you to visit our Museum and view the amazing collection of photos and artifacts from the nearly thirty one-room schoolhouses that served the students and their families in Meramec Township.
